We've invested into **Hull FC Rugby Community Sports and Education Foundation**, the official charity of Hull FC, a leading professional Rugby League Club. The charity delivers a range of projects under the four key principles - Participation, Education, Health and Social Inclusion.

Over a number of years the charity has been delivering programmes of activities with local schools, using Rugby and other sports as a way to engage pupils. Initially supported by grants, the scope of the offer has grown and proven to provide real value for schools not only in PE lessons but the wider curriculum.

**“The Sporting Capital loan has given us working capital to expand our schools programme; enabling us to take on a new member of staff who will drive the programme forward, increasing the impact we have in our local schools but also developing a new source of sustainable income for the charity.”**

James Price, Head of Foundation

Sporting Capital have provided a loan of £50,000 to help the charity to expand and develop the schools programme, the Children’s Sport Academy. The new activities and services will increase the social impact the charity has in the local areas whilst also generating new revenue streams to safeguard the future of the charity.

The Children’s Sport Academy will:

- provide multi-sport coaching in schools, covering rugby, dance, netball, and martial arts.
- provide academic packages (literacy, citizenship, maths and heritage), using sport to engage pupils and provide different environments for learning.
- Wrap around support (breakfast, lunchtime and afterschool clubs)
- Holiday clubs

The programme will increase revenue into the Foundation whilst also increasing the impact in the local community by engaging with more school children across a more diverse offer.
